

THE ART GLASS ACADEMY

LEARN TO THINK IN GLASS AND
UNLOCK THE FULL POTENTIAL OF
YOUR MASTERY!

COURSE: BASICS OF GLASSMAKING

Imagine shaping molten glass into unique works of art that captivate your audience. The Art Glass Academy invites you on an artistic journey where you'll not only master the technical skills of glass work but also unleash your full creative potential. Whether you're a glass blower student, a professional working with glass, or someone aspiring to enter this field, now is your chance to elevate your skills to an international level.

MEET OUR INSTRUCTORS

Master Glassblower **Kari Alakoski** is a living legend with over 50 years of experience working with glass. His work blends the traditions of Nordic glass factory techniques with Italian studio glass methods. Kari has taught hundreds of glassblowers and collaborated on countless projects with artists. His sharp teaching methods reveal the mysteries of glassworking.

Glass Artist **Marja Hepo-aho** is a visionary and trailblazer in her field, having transformed glass art for over 20 years. Her works have been exhibited around the globe, from Hong Kong to Venice and New York. Now, she shares her passion for glass with her students. Marja's deep knowledge of rare glass techniques will inspire you to expand your artistic expression.

The course also features leading industry experts and partners who will help you find your own unique path in the world of glass art.

WHAT WE OFFER YOU

Under the guidance of our expert instructors, our online courses will take you through the intricate process of glassmaking, step by step. From foundational techniques to advanced methods, you will receive all the necessary knowledge to build a solid skillset, enabling you to create impressive, unique works of art—or even turn glass into a profitable business.

- Master the art of glassmaking in detail
- Build a strong technical foundation for your glass career.
- Discover innovative ways to manage your artistic process and make glass art financially viable

With us, you'll gain technical, artistic, and business knowledge of the glass world, enabling you to take your art further than ever before.

WHO WE WORK WITH

For decades, we've collaborated with designers, professional artists, and educational institutions in the field of glassmaking. Now, we're bringing our expertise online to help a new generation of glassmakers. Whether you're a student learning glassblowing or a professional in the field, our courses are tailored specifically for you.

WHAT YOU ACHIEVE WITH US

By the end of your studies, you will have:

- A clear vision of where you want to take your craft and how new technical skills can enrich your creative process
- The ability to plan your work and practices, setting the foundation for a successful glassmaking career
- Complete control over the technical and artistic process with glass, from concept to execution
- Valuable connections with professionals in the glass industry
- The knowledge to manage and market your own work on an international stage

HOW WE DO IT

Our six-month online course for beginners in glass is tailored for students with entry to a hot shop. This interactive course introduces you to the fascinating world of glass with a carefully structured curriculum. You'll benefit from our full expertise, with personalized support tailored to your individual glassmaking projects.

Upon completion, you'll receive a certificate to mark your achievement. Additionally, all course materials remain permanently available to you, so you can revisit them as you embark on new projects.

Your journey begins here. Let us help you reach the pinnacle of glass art!
